ZELOUF INTERNATIONAL CORP.,

09 Civ. 1798 (LAK)

ORDER

LEWIS A. KAPLAN, *District Judge*.

The plaintiff's motion for reconsideration is denied. The Court did not overlook the authority relied upon by it. Rather, it finds that authority unpersuasive. There is no reason whatever to suppose that the Legislature intended CPLR § 302(a), subd. 2, to apply any differently in copyright infringement cases than in other tort cases.

SO ORDERED.
